Premium
Package

Premium Service

✓ Cleaning of panels twice per month

✗ No Preventative maintenance *

✗ Complaints visits are chargeable

✓ Free use of Orb App

* During this visit:

- 1) A complete health check of your rooftop solar system will be carried out by Orb's qualified technicians.
- 2) Including a check of all earthing points, checking for loose connections, checking of inverters, checking SPD / MCB / isolation switches, string voltages and checking control panels.
